BOY KILLED, FOUR HURT IN HIT, RUN TRAFFIC CRASHES

Glen Larick, 14, Mowed Down on Foothill While Walking Near Upland

CAR DRIVER UNKNOWN

Machine With Five Men Turns Over to Avoid Crash—Three Injured

One dead. four injured.

That's the traffic toll in this district last night and Sunday night. Hit and run drivers were responsible.

Glen Larick, 14 year old youth of Ontario, was found dead on Foothill boulevard, near Hellman avenue, at 10:30 p. m., Sunday, and his walking companion, James Crowell, also of Ontario. severely injured about the back, was found close by. Young Crowell is at the San Antonio Community hospital, and he will recover, according to reports today.

The three other injured are C. W. Shelton, broken wrist; Ralph C. McManus lacerated ear and cuts and bruises, and Joseph W. Colburn, back injury, all believed to be of Los Angeles, and all employes of the Los Angeles bureau of power and light.

These men were injured about midnight last night when the driver of the car, A. G. Kirk, turned off Foothill to avoid a crash. Mr. Kirk, the three men who were injured and another man whose name was not learned, were returning to their work for the L. A. bureau at Yermo. At a point two miles east of Cucamonga Kirk noticed a machine speeding toward his car, its driver apparently asleep.

The only course open to Kirk was to turn out and after doing so the machine turned over, injuring the three men. The car causing the sudden turn out did not stop.

It was also a hit-and-run driver who mowed down Larick and Crowell. The two youths were walking east on the north side of Foothill, according to indications. and the death car was going west. Without stopping to investigate, the driver of the car is as yet unknown, although Deputy Sherik Jack Brown said that one clew might lead to the man's arrest.

No accidents occurred in Upland over the week-end and double holiday, but Officer C. S. Lehman said that traffic was very heavy.

J. B. Draper & Co. are in charge of funeral arrangements for Mr. Larick, but no definite plans can be made until after hope is given up of finding the driver of the car. He is survived by three brothers and four sisters, one of whom, Mrs. Claire Potter, lives in Upland. He is the son of Mr. and Mrs. Chas. A. Larick at Walnut street and Magnolia avenue, Ontario.

The Stone Funeral Home ambulance responded to the calls for ambulance in both accidents

Legion Auxiliary Officers Will Be Installed Sept. 7

Recently elected officers of the American Legion Auxiliary will be installed at a regular meeting of the Upland unit to be held Thursday night at 7.30 in the American Legion club house. At that time Mrs. W. J. Larkin, retiring president, will be succeeded by Mrs Herbert Metz.

Annual reports and a report of the recent picnic also will be made. Following the meeting there will be an evening of card playing and refreshments will be served.

Luncheon Planned by N. E. W. Circle

Resuming their regular monthly meetings, members of the N. E. W. circle of the Methodist Ladies Aid society will hold an all-day session Thursday at the home of Mrs. C. E. Tyler, at 509 Pine street.

A 20-cent luncheon will be served and the members are requested to bring their own table service. They are not expected to contribute to the luncheon, the entire menu being prepared by the hostess committee.

Legion Adjutant To Be Chosen Tonight

Important position of adjutant of the Upland post of the American Legion is hard to fill, apparently, and an effort to elect someone who will take the duty will be made at the meeting of the group tonight. Installation of all officers is scheduled tonight, but before the ceremonies can be started by Thomas E. Howarton, former local commander, and now commander of the Twenty-first district, an adjutant will be chosen.

Carmen S. Lehman, elected a month ago. has resigned due to his local police duties. He was previously nominated for commander, and when he withdrew from the race his comrades gave him the adjutant's job. And now he has refused to take that.

Going into the position of commander will be Herman Cordes, very active in ex-servicemen's activities. Harvey McMasters will be first vice-commander, with Frank Goodban, second vice-commander. On the executive committee will be Floyde Atwood, Howard Mason, Lee Wire, Bill Hall and Kenneth Hanson.

Mr. Howarton was recently chosen commander of the Twenty-first district and the installation of the local officers will be one of his first official acts.

TRANSIENT REPORT FROM CITY GIVEN

10 Persons Here Friday Night Who May Receive Attention From Funds

A report that 10 transients were in the Upland district Friday night is today on its way to the state administrator of relief funds. An investigation of the transient situation here was made by Avery Allen, chamber of commerce secretary, and the Upland police. Similar investigations were made by all communities in the state Friday night, with the combined reports giving the state relief heads an idea of the situation.

Purpose of this investigation has not been revealed to Mr. Allen, but he said that it is probably in connection with making plans to care for the transient population during the winter months.

When transients now ask for aid from the chamber of commerce, local relief headquarters a grocery order of 25 cents is given, this money coming from a federal fund.

Mrs. Frank C. Buffington returned Monday from a week-end visit in San Diego, having accompanied her brother and sister-in-law, Mr. and Mrs. H. J. Wilson of Pomona, to the southern beach city.

NEW CREWS WORK AS STRIKERS IDLE

Fruit Pickers in Cucamonga Lose Jobs After Protesting Pay

Picking of peaches on the Lucas ranch in Cucamonga continued today uninterrupted, following a strike of more than 100 Mexicans late last week. The strikers are idle and a new crew of pickers, English speaking men, are on the job, receiving a slight increase in pay over what the strikers were getting. The wage now is 20 cents an hour, according to reports.

The strike affected only the peach industry.

The Mexican pickers walked out late Friday afternoon, demanding an increase in pay. Other pickers were added and the change in the personnel of the force has taken place without any disturbance.

Orange Drive Circle Plans Family Picnic

A family "pot luck" picnic dinner is being planned by members of Orange Drive circle of the Methodist Ladies Aid society, and will be held Thursday evening beginning at 6:30, either in the Fourth street park or Crowell hall. The weather will decide the place, the picnic being held in the park if it is warm enough.

Each family is to bring a covered dish and sandwiches and table service.

LEMON NINE EAGER FOR CRUCIAL GAME ON LOCAL DIAMOND

Upland Team Wins 12-Inning Encounter With Ontario—Play Here Wednesday

LOCALS 1 GAME AHEAD

Hitting, Fielding Feature Invasion Friday Night of Local Champions

Fourth game in the inter-city night ball series comes on the local diamond tomorrow night, with the Lemon Growers geared to take its third win over the Hot Pointers from Ontario.

By George E. Smallwood

And it took a home run poke off John Meek's bat to settle the third game of the inter-city playoff championship series on Friday evening on the Ontario Y. M. C. A. diamond. A large Upland following cheered lustily in the 12th as the left fielder swept the cobwebs out of the sky, placing the horsehide over the fence, bolstering Upland into an 8 to 6 lead, and ending the season's longest melee of two hours and 15 minutes. Lou Patton crossed home plate ahead of Meek from first base. "Grinning" Ray Chandler, entering the melee as relief hurler in the eighth, certainly held the flat ironers in check enabling Cy Gunstream to keep the victory to his credit.

Cy twirled a most creditable game himself for six stanzas to hold the Hotpointers to 2 runs and six scattered hits. But a quartet of safe blows in the following round stormed three more markers over home plate, tying the game up at 5 all. Manager Ted MacLaren's clan had previously blasted out six hits in a row in their half of the seventh, forging into a substantial 5 to 2 lead. Duncan scored in the first stanza after earning a free pass to first, on Arvil Terry's lusty clout against the right field fence.

The four run splurge of the seventh was started by Terry when he stepped into one of Beach's deliveries for a total of three bases. Patton, Meek and Sheehan followed with safe hits to score Patton. Meek raced home on C. Petre's bobble, advancing Jack Sheehan to the keystone bag. Duncan next met the ball squarely for a double to score Jack. As the inning closed C. Petre was removed from the game because of an injured ankle which he received in collision with Sheehan.

Then in the eighth, Terry stretched Beach's third pitched ball a bit farther than his former tries to clear the fence for his third extra base hit of the game. Morrison, substitute center-fielder, stole the limelight in the tenth when he raced back of second base to make a sensational shoe-string catch of Sheehan's hit for the third out with Terry and Meek on the bags. A similar but more difficult game-saving play was made by Sheehan in the ninth when he caught Tate's line drive six feet off the ground to put a distinct knot in the Ontario offensive drive.

Last Friday's victory has greatly stimulated interest locally and will warrant an extension of the bleachers on the local diamond when the fourth game will be uncovered tomorrow night before what is expected to be another record crowd. It is expected that Manager Carl Webber will again pitch Beach, who is one of the

Hair-Raising Wild West Riding On Rodeo Program This Week

Hair raising stunts, thrilling performancees by dare-devil horse back riders and the old-time custom of trying to stick on a bucking, rearing wild horse will be some of the features presented to people in the Upland district and to the southlanders in general at the rodeo at Lone Hill Saturday and Sunday afternoons.

Members of the California Highway patrol in this district are the sponsors of the event, which is a benefit for the patrol fund to support widows and other dependents of deceased officers.

All in all, the rodeo will be one of the best ever presented in the southland, due to the fact that the best riders in the country have assembled for the recent rodeo in the Los Angeles Coliseum and for the wild west event in the Pasadena Rose Bowl last Friday and yesterday. Many of the performers in those rodeos will participate in the varied program.

Scene of the activities will be on the east side of Lone Hill, a short distance north of Foothill boulevard and west of the entrance to Red Hill Country club. A large area will be available for parking facilities—and a large area will be needed if the expectations of those in charge are realized.

Uplanders are interested in the rodeo for many reasons, and it is of interest in the fact that it will be presented on Sept. 9, the date of this city's former presentation of the Pioneer Pilgrimage. While the city has no part in the rodeo program, much support is being given the event due to its coming on the Sept. 9 date.

As a benefit performance, the rodeo is attracting wide support from many Southern California organizations and civic leaders. Hundreds of tickets have already been sold and an estimate of 5000 for each day's attendance has been given.

CHAMBER LEADERS TO TAKE UP WORK

New President Will Be Picked Wednesday as Plans for Future Discussed

Retirement from the board of six men who have served as chamber of commerce directors for two years, installation of six newly elected directors, election of a new president, and decision as to plans for the immediate future are on the program for Wednesday night when the chamber of commerce directors meet.

President Ernest Stone and five others retire as chamber directors. Election of a new president and other chamber officers is looked upon as the outstanding business for the evening.

Execution of a membership campaign will be one of the first problems before the new chamber leader, his fellow directors and committees. Within a short time, it is expected, an opportunity will be given all Uplanders and many others to join the chamber of commerece and civic association and in doing so to back this city's well oiled and efficiently operated unemployment relief organization.

With the induction of the new directors the chamber board will include R. C. Norton, Roy Creighton, Ernest Olson, Orton P. Brady, Kenneth Hanson and Clyde DuVall, recently elected. and Owen Atwood, James E. Goodban, Norman S. Lawson, Wallace C. Taylor, Leigh Thompson and Albert C. Reynolds.

Those retiring from the board besides Mr. Stone are L. N. Kirk, Paul Schowalter, J. Emery Sargent, H. M. Guy and Ernest Mehl.

Dog Race Will Be Feature of Rodeo

A special feature of the rodeo to be held here next Saturday and Sunday, Sept. 9 and 10, will be a dog race for the kids. The race is open to all boys and girls of 14 years of age or under. Any dog may be entered. Each dog must be on a six foot leash. The first boy or girl crossing the finish line with a dog wins the race. The race will be run on both days and three prizes will be given each day.

Mrs. Charles Croswell and her daughter, Miss Lorraine Croswell, of Glendale, Ariz., who have been guests for the past two weeks of Mrs. Croswell's brother-in-law and sister, Mr. and Mrs. John Swoap, of East Arrow highway, expect to return to their home Saturday.

UPLAND TAX CALLS FOR $10,000 LESS

City Rate Will Be Higher, But Revenue To Be Lower for Year

While the Upland city tax rate will be eight cents higher this year than last year, local property owners will pay $10,000 less to the city than they did a year ago.

The city's official tax rate will be set by the council on Thursday night at $1.93 for each $100 valuation. The rate was $1.85 last year. The city's assessed valuation is $2,691,820, which is much less than a year ago. The new tax rate will raise $50,613.65. The municipal budget for the year is $65,354.61. Fines in the local justice court, various fees and miscellaneous income will add to the city revenue to make up for the amount not raised by taxes, according to Richard G. Manley, city service manager.

Last year's budget total was $73,417.13. Due to the reduction in the assessed valuation here and throughout the county, the higher tax rate will return a small amount of money than did last year's $1.85 tax rate.

"In general the taxpayers in the district will pay one-third less than a year ago," Mr. Manley added.

A general reduction in operating expenses and the effect of the repeal of amendment No. 1 are responsible for the lower tax burden.

Mrs. Joe Chandler Dies Late Monday; Funeral Thursday

Following an illness of a week, Mrs. Juanita Chandler, wife of Joe Chandler, died at 4 o'clock Monday afternoon at the San Antonio Community hospital. She was the daughter of Mrs. Axel Springborg, manager of the Sycamore inn, and she had lived in Upland for a year.

Previous to coming to Upland Mr. and Mrs. Chandler were managers of Los Serranos Country club, coming to the club from the Blackstone hotel in Long Beach.

Mrs. Chandler was a native of San Francisco and was 27 years old.

Besides her husband and her mother, Mrs. Chandler leaves a daughter, Helen Joy Chandler, seven years old.

Funeral service will be held on Thursday afternoon at 2 o'clock in the chapel of the Stone funeral home, with Dr. R. C. Stone, pastor of the Upland Presbyterian church, officiating.

Breakfast Club For Golfers Is New Venture on Red Hill Links

A Sunday morning breakfast club for Upland is a possibility today as the result of plans being made by Tommy Sheehan at the Red Hill Country club.

First meeting of the club at the golfing center will be 8 o'clock Sunday morning and the pro at Red Hill estimated today that 30 persons would be in attendance. Breakfast will be served at that time, followed by a drawing of partners in low ball foursomes. High and low handicaps will be figured.

It is contemplated for the breakfast club to meet every Sunday morning and for the foursomes to have different personnel each week.

"This idea has gone over big at other country clubs and we will see what response we get from it here." the genial club secretary and golf leader said. "Since it was suggested here. many fellows have spoken about it. There seems to be quite a bit of interest here I think we will have a good crowd."

PUPILS, TEACHERS UNITE THIS WEEK AS SCHOOL NEARS

Junior High Students Here to Register Friday—Instructors Meet Thursday

CLASSES OPEN MONDAY

High School, Junior College Work To Start on Schedule With Many Enrolled

School opens this week in various phases for many students in Upland and throughout the Chaffey district and for the scores of teachers who will direcet the various institutions during the coming year.

In Upland, Friday will be registration day for junior high school students. From 8 a. m to 4 p. m. students are to report at the school and receive their text books and locker and room assignments. A meeting of all Upland teachers is scheduled for 3 o'clock Thursday afternoon.

At Chaffey high school and junior college, and also in Upland, preparations are being made for the actual start of school work on Monday morning, which is the official date for the beginning of another year of study.

High school and junior college students who have already registered are to report Monday morning for room assignments, for schedules and for actual start of work. Those who have not as yet registered for high school or junior college are to do so this week.

Two new rules in the Upland district concern school attendance. Only persons in the Upland elementary school district can attend the local schools, and students in this district cannot attend elementary schools outside the district, according to Harold W. Cook, junior high school principal and superintendent of the local schools.

This means that students from outside the district cannot come here, as several were doing when classes came to a close in the spring. Several local students, for various reasons, were also attending in Ontario.

Only by a special permit from Miss Ida M. Collins can this rule be ignored, Mr. Cook emphasized.

Another rule defines the residential boundaries for attendance at the Eighteenth Street school and the Fannie D. Noe school. This year it concerns only those students who have not attended classes previously. Students residing north of the line midway between Thirteenth. Fourteenth streets are to attend the school on Eighteenth street. Students residing south of the line are to be at the Fannie D. Noe school.

Two Barbecued Deer Picnic Attraction

Two barbecued deer supplied the "meat dish" at one of the jolliest family picnics held in recent months by the neighbors of San Antonio Heights.

The picnic was held Monday night at the home of Mr. and Mrs. H. J. Clewett on Twenty-sixth street, and the two deer, shot on a recent hunting trip by Mr. Clewett and Gordon Warner, were barbecued in the most approved fashion in a pit in the yard. Baked beans were served with the venison and the neighbors, more than 100 of them, brought other dishes to make up a bountiful supper.

The guests remained for some time after the supper, enjoying a neighborly social evening.

The News To Be Out On Thursday

The Upland News will be out Thursday afternoon instead of Friday afternoon this week.

Two thousand copies of The News will be delivered Thursday afternoon in the Upland district through the cooperation of the Upland merchants. To those having notices to appear in The News Thursday, emphasis is placed on the appeal that copy must be in 24 hours earlier than usual.

The News always deems it a pleasure to serve all the local organizations, but it can do so this week only if the announcements, etc., usually brought to the office receive the early attention of those in charge.

17 Persons Added by Local Employers

In Upland today are 14 more full-time employes and three more part-time employes than there were on Aug. 1, a check up of the NRA reports of local employers has revealed.

All the employers were asked to give a report on the number of employes Aug. 1 and the number added since then, the survey being made under the direction of the local NRA committee.

A study of these reports by Ernest Stone, president of the Upland chamber of commerce, revealed that a total of 17 persons are being employed over the number on local payrolls prior to the application of President Roosevelt's re-employment agreement. In some cases, those added were former employes laid off during the lowest point in the depression.

Since the days of the NRA local business is reported to be better, with more spirited activity at local stores. The employment situation in general is slightly better, although the number on the list of unemployed at the chamber of commerce office is gradually increasing. However, it is still considerably less than the total before re-registration began in July.

FICTITIOUS CHECK SENDS MAN TO JAIL

Friend of Uplander Gets $15 From Bank, But Ends Up Behind Bars

On May 17 Kenneth Heinauer enjoyed a nice visit with J. F. Holcomb, an old friend since 1922.

Today Holcomb was sent to the county jail for two months on a charge of writing a fictitious check.

In the visit between the two, Holcomb said that his car was stranded near Cucamonga and that he needed some money to get it fixed and on his way. Obliging, the local man introduced his friend and Los Angeles resident at a local bank and his $15 check was accepted.

Within a short time the check proved to be worthless and local police took the matter in hand, with Holcomb being arrested and brought here for trial. Judge George R. Crane gave Holcomb a six months' sentence this morning, suspending four months.

Carl R. Olds, San Bernardino, recently arrested by C. S. Lehman on a drunk driving charge, was held over to the superior court for trial. Olds was arrested while driving on Foothill east of Upland.

Held for trial in the superior court also was O. Rhonemns on a morals charge.

CALIFORNIA MOST COLORFUL STATE

W. W. Mather Admission Day Speaker on Rotary Program Today Noon

A native son and an authority on California history, Prof. W. W. Mather of Upland, was very appropriately chosen as speaker for the program in observance of Admission day by Upland Rotarians at their meeting today noon. Don E. Palmer was program chairman and President O. P. Brady presided at the meeting.

There is perhaps no better authority on California history than Mr. Mather and he reviewed the colorful history of the state in a most interesting manner, dividing it into four periods Starting with the days when the state was thought to be an island, the speaker began with the days of the missions. designating the next period as the Mexican period and the period of romance and large families. California the golden began with the gold rush of 1849. During those years the state government was formed and functioned nine months before the state was admitted to the union, never having been a territory. The fourth period was designated as the movieland era and what the movies have meant financially and otherwise was hinted at. California as a playground has been largely developed during these years and the state's athletic development is another of the marvels of the "most colorful state."

In speaking of California of tomorrow Mr. Wiley noted the outstanding problems as water, the need for a coordinated tax system, the school problem and an adequate governmental structure. In the future clubs, fraternities, churches and other organizations must cooperate more closely with the schools in the development of the young people, he said.

Noting the sparse population in a number of California counties Mr. Mather stated that one-fourth of the counties of the state should be eliminated and consolidations made in the interest of economy.

A note of optimism was added to the meeting when Captain Little of the Salvation Army in Ontario made the statement that whereas at this time a year ago that organization was feeding about 100 unfortunates a day the number has been reduced until at this time it is 30 to 35.

FOUR RADICALS TO FACE JUDGE HERE AFTER "RED" TALK

Uplanders Witnesses to Demonstration in Lytle Creek Yesterday

BLUE EAGLE CRITICISED

$1000 Bail Placed Against Men Who May Face Serious Federal Charge

Facing at present charges of disturbing the peace, but likely to be charged with a more serious offense, four persons were to be tried before Judge George R. Crane late this afternoon, follownig their arrest in Lytle creek canyon yesterday during a "red" meeting.

Ranger E. A. Grant and Assistant Ranger Roy Moore heard the men's addresses and confiscated literature, which has been described as "extremely radical."

The four men are Vincent Makan of San Bernardino, Gene Kane, Harry Buchanan and Pettis Perry, of Los Angeles.

They will appear before Judge Crane as the scene of their asserted radical activities is in this township. Chief of Police J. F. Sawyer left for the county seat this afternoon to bring them here for the hearing. The quartet was taken to the county jail following their arrest. Bail was fixed at $1,000.

"All I know about the case is what I have learned from second-hand sources, and I do not know just what will be the final charge," Mr. Sawyer said.

Due to the large amount of bail, the officer was led to believe a more serious charge, such as criminal syndicalism would be filed.

Among the witnesses given by Ranger Grant are Mrs. Adam Bryden, Vernon Bryden and Victor Perdew, 639 Pine street.

Mr. Perdew characterized the men's activities as very radical.

"They called this Blue Eagle, the Blue Buzzard," Mr. Perdew explained. "And then they presented a play, with children from four to eight years of age participating. It was 'against the government,' and pictured President Roosevelt as a man of ease."

Clair Kirk on New Sales Tax Job Today

Clair E. Kirk is today engaged in his new work of seeing that the California state sales tax operates just as it is supposed to and to check up on the collection of the tax. He has been termed an "investigator," and he expected to learn today from W. C. Shay just what his district would be.

Mr. Shay is the representative of the board of equalization in San Bernardino, Riverside, Orange and Inyo counties, and Mr. Kirk with three others will work under him.

The Golden Rule Is Applied by the State

The golden rule has been written into California's statute books.

Business men of Los Angeles and all other counties have been told they must "do unto others as they would be done by." Cut throat tacties which have given many a man his start in the business world are now a crime in this state.

The millenium in business ethics was virtually achieved when the Badham "fair competition" bills became effective August 21.

These measures add three commandments to the state's code of business ethics:

1—No merchant may sell any commodity below cost for the purpose of injuring a competitor.

2—Secret rebates or concessions to any customer which give that customer an unfair advantage over a competitor are likewise ruled out.

3—Sale of any commodity below its contract price is prohibited.

Penalty for violating the first two is a maximum fine of $500, a maximum jail sentence of six months, or both.

Exceptions are stipulated in the "below cost" bill. Its provisions do not apply where a merchant, in good faith, is closing out his business; where he is selling seasonal goods; where he is disposing of perishable commodities to prevent spoilage; where goods are damaged and where any officer is selling merchandise under court order.

The above is from the Beverly Hills Citizen, and Editor Barker could have added that the minimum wage law which is being put into effect in the various industries is also going to add much in cutting out cut-throat competition. The employer who has been "chiseling" on the amount he pays his help now has to come up to a figure that is at least somewhere near respectable. This will not hurt the "chiseler" employer so much as it will benefit other employers of labor who have always paid a reasonable wage. It will make competition on a fairer basis and will also provide a better living for those employes who have heretofore been ground down to pay that has not afforded them a decent living for themselves and their families.

Lieutenant-Governor Frank F. Merriam of Long Beach is one of the long list of candidates for governor of California. Mr. Merriam is a former Iowa resident—and there is now some prospect of having the "Iowa capital of California" moved from Long Beach to Sacramento; that is, if he becomes the choice of Californians for governor. And that's not such a remote prospect either. There is not a candidate in the field who is more capable of being governor than Mr. Merriam. He has a large acquaintance throughout the state and we have heard nothing derogatory to besmirch his character during his long period before the people of the state. Then he would have a great advantage at the start over any other candidate we know of—the hundreds of thousands of ex-Iowans in California would be for him and that ought to put him under the wire ahead of all competition. And why shouldn't ex-Iowans have something to say about how things are run in California? They have been one of the greatest factors in the development of the state.

Here's something that should make bachelors and unmarried women "set up and take notice." According to the Human Betterment Foundation, they average definitely inferior to the rest of the population in mental and physical health. It also points out that unmarried people have a shorter expectation of life, a higher frequency of mental disease and a larger representation in the jails and penitentiaries. Now, isn't that something for the younger generation to ponder over? But, of course, it's too late for the older ones to consider. In spite of individual exceptions, "the work of the world is done by normal, happily married people," the Foundation declares, pointing out that the chances of marriage for a woman after the age of 30 are small, and that a majority of the men over 30 are handicapped in some way so that they are not desirable husbands.

Everett Reese, an Ohio bachelor, is the father of 51 almost incorrigable children. These children, it should be promptly explained, are adopted, and the fact that they are almost incorrigible is the reason that Mr. Reese adopts them. He takes them from the juvenile courts, from children's homes, and from industrial schools, and brings them up on his dairy farm near Shandon, Butler County, Ohio. He has been doing this for 40 years (he is 76) and so far not one of his "children" has turned out badly. "All boys and girls prove good," says Mr. Reese in the American Magazine, "if they are properly instructed how to tell the right from the wrong. I don't spank them or use the whip. I teach them the golden rule." It might be added that Mr. Reese seems to be one who practices the golden rule and is equipped with the necessary knowledge of it to teach it.

Al Snyder, San Fernando Sun, drove his family to the zoo, resulting in his philosophizing as follows: "It would be interesting to know just what the zoo inmates think of the people who come to look them over. Probably the zebu, llama, camel and the ape think they are on the outside looking in at us. There's only a fence between, and who is there to say which side of the fence holds the queerest lot?" As Brother Snyder is one of the fellow sufferers of the newspaper fraternity we do not know we cannot pass judgment on the latter question in his case. However, we do know a great many two-legged "animals" we would not hesitate in saying are more queer than the four-legged specie.

Speaking of appetites, look at what the 300,000 C. C. C. boys in the U. The average weight gain of the boys has been 12 pounds.

Methodists Attend Annual Picnic in Park at Riverside

Leaving the Methodist church at 9 o'clock Friday morning, a group of approximately 260 persons motored to Riverside for the annual Sunday school picnic in Fairmount park.

No particular program was planned for the day, each one being free to do the things that offered the most pleasing amusement. The park play equipment appealed to the children and many of the older persons enjoyed a swim in the pool during the morning hours.

The picnic dinner served at noon was the big event of the day and was one activity in which everyone participated. Everybody brought well filled picnic baskets and the long tables were loaded with an abundance of "eats." The committee in charge provided the coffee and throughout the day ice cold lemonade was served free to the entire group.

In the afternoon a ball game, which the spectators found very amusing, was played between the married men and the single men, victory going to the single men. The final score was not announced. The large swimming pool again was a popular attraction in the afternoon and many also enjoyed boating on the lake.

A number of the young people, members of the Young People's and the High School departments, remained over for an evening gathering and were joined by others from Upland, about 45 participating in a 6:30 picnic dinner. The remainder of the evening was spent in swimming and boating and other park amusements.

W. F. Naftel, superintendent of the Sunday school, Dr. Irvin A. Engle, pastor of the church, and a number of assisting members had charge of arrangements.

It was a wretched play. Long before the interval the audience began to boo and hiss. But there was one man who clapped his hands vigorously.

"I say," said the man next to him, "you've got a nerve to applaud this shocking play. What can you see in it?"

The man smiled.

"It's not the play I'm applauding," he replied heartily, "it's the hissing."—London Answers.

Prior to the game last Friday, General Manager Bill Kuhns of the Ontario league presented a silver statuette, donated by the Bumstead Sport Goods store of Ontario, to Manager Webber and his husky squad as a token of winning the Ontario City League championship.

VISITORS DAY HELD AT ETIWANDA CAMP

Dinner Is Served to Guests and Grounds Toured in Afternoon

Labor day celebration was an important event at Etiwanda camp, the Civilian Conservation camp in Day canyon, the boys, most of them from surrounding communities, and the officers being hosts to their relatives and friends.

F. H. Manker is one of the officers in charge of the camp and at his invitation a number of his Upland friends attended the celebration.

The visitors shared in the noon day dinner with the boys and officers, considerably more than 300 persons being served in the mess hall.

Following the dinner the boys presented a varied program for the entertainment of the visitors, the exuberant spirit of the young men being enjoyed as much as was their interesting program.

The boys have a good jazz orchestra which played during the dinner and afterward on the program. Other boys sang, recited original poems, gave a burlesque broadcast with clever imitations of their officers, and otherwise entertained the guests.

As a reciprocal courtesy to express the appreciation of the visitors, Archie L. Moore, accompanied at the piano by Mrs. Moore, sang three songs.

During the afternoon the visitors were shown over the grounds, covering a number of acres, both the boys and their officers exhibiting a very pardonable pride in their "garden."

The tract has been well landscaped and set to trees and shrubs, and vines and flowers have been planted. There is a small but nicely kept lawn in front of the headquarters office and the entire grounds show the very commendable interest taken by the boys in their surroundings.

Arno Meyers, formerly a resident of Cucamonga, who was married a week ago to Miss Harriet R Hoke of La Verne, has gone with his bride to Crestline in the San Bernardino mountains where he will teach school this winter.

Miss Luella Whitney, who is a member of the club, will be hostess to the Upland Business and Professional Women's club when the members gather in the garden of her home Friday evening for a picnic.
